Letter of Recommendation

I am happy to write a letter of recommendation for Jahanvi Akanksha who has worked with Trell from 22-Mar-21 to 31-Jul-21 as a **Data Analyst Intern**.

In that time, we found Jahanvi Akanksha to be a reliable, enthusiastic and dedicated contributor to several projects executed during the tenure of work with us.

The excellence shown towards understanding the essence of various hidden gems of the city and articulating a narrative to inspire people for visiting them is truly commendable. The commitment shown to learn and willingness to go the extra mile for the best results and detailing are characteristics we found very valuable.

Jahanvi seems to truly enjoy researching online and building narrative around the subject and with additional experience, has the skills, the aptitude and the drive to be a valuable member.
